SUMMARY

Enthusiastic and disciplined Electronics and Communication graduate with hands-on experience in backend development using Java and Spring Boot. Passionate about becoming a full stack developer by building scalable web applications and RESTful APIs. Eager to contribute to innovative projects in a collaborative environment and grow through real-world challenges.

PROJECTS

- **IOT Based Remote Control Robot** |

Designed and implemented a mobile-controlled robot using Blynk app, enabling remote operation via smartphone. Successfully demonstrated robotics control via IoT technology and microcontrollers. Showcase of innovative problem-solving and technical expertise. Successfully controlled the robot movements (forward, backward, left, right) with satisfactory response time. Designed the robot using microcontroller NodeMCU, Motor Driver, DC motors etc.

- **Employee Payroll System** (Capgemini Training) |

Developed RESTful APIs for managing employee data using Spring Boot. Implemented CRUD operations and tested endpoints using Postman and CURL. Followed layered architecture (Controller-Service-Repository) with proper exception handling and validation.

Tech Stack: Java, Spring Boot, MySQL, REST API, Postman.

INTERNSHIP/TRAINING

Capgemini Training – Java Full Stack Development (Jan 2025 – Apr 2025)

Worked on live backend projects like Payroll and Address Book Systems using Spring Boot and SQL. Gained practical experience in project architecture, REST API design, and version control.

VaultofCodes – Java Development Internship (Jun 2025 – Jul 2025)

Worked on Java-based projects focusing on core Java concepts, OOP principles, and file handling. Improved coding skills through practical assignments, debugging exercises, and hands-on development tasks.

Projects like: Calculator, To-Do list application.

EDUCATION

B.Tech in Electronics & Communication Engineering,

Technocrats Institutions of Technology, Bhopal

2021-25 | 7.94

SKILLS

Programming: JAVA, JavaScript

Web Technologies: HTML, CSS

Database: MySQL

Frameworks: Spring Boot

Technology Tools: VS code, IntelliJ, GitHub, Postman

Concepts: OOPs, DBMS, Basic DSA

Soft Skills: Communication, Adaptability, emotional intelligence, Team Spirit, Time management.

CERTIFICATONS

- GitHub foundation by GitHub
 - Java master class by Udemy
 - Journey to cloud by IBM
 - Java Development Internship by VaultofCodes
 - TCS YEP 2023
-

HOBBIES & CONNECT ME

INTERESTS: Singing, Cooking, Writing, Reading, Sketching.
